SUMMARY

Web developer with a graphic design background, leveraging three years of coding experience to bring a creative edge to development projects. Successfully transitioned from graphic design, specializing in frontend engineering. Adept at creating and implementing design systems, with proficiency in Vue, React, Typescript, and more. Holds a Canadian work permit and eager to gain international experience.

WORK EXPERIENCE

Frontend Engineer

Mar. 2023 - Present

Vade – Full remote

- Participated in creating the company's design system as the main developer of the project based on the Figma prototypes provided by the UX/UI team
- Developed components of the design system using Vue 3, Tailwind, Typescript & Storybook
- Documented each component in Supernova to ensure seamless integration and future scalability of the system

Frontend Engineer

Dec. 2021 - Mar. 2023

Leavy – Paris, France

- Designed and implemented the internal admin service to manage registered users, accommodation listings and the payouts schedule using Figma, Vue 2 & TypeScript
- Developed the user's webapp, closely following the Figma prototypes provided by the UX/UI team, to manage the user signup flow, accommodation descriptions and reservations using Vue 2 & TypeScript
- Collaborated closely with the backend team to integrate the backend API
- Designed and built the email templates (for registration, forgot password, bookings...) using Mailjet and integrated them into the app flow on different events

Full-stack Developer & Graphic Designer (internship)

Sept. 2020 - Nov. 2021

OSP – Neuilly-sur-Seine, France

- Developed the domiciliation website of the company, for submitting and generating online contracts using Laravel Vue 2 & MySQL
- Created an internal admin dashboard to upload the scans of the client's mails and to send alerts when they receive packages using Laravel Vue 2 & MySQL
- Designed the brand identity and the logo of Ospdom using Illustrator InDesign & After Effects

EDUCATION

Bachelor degree in Web development

Web@cademie by EPITECH – Kremlin-Bicêtre, France

Nov. 2019 - Nov. 2021

Preparatory school in Illustration

Corvisart High School – Paris, France

Oct. 2018 - Jul. 2019
